PRICE LIST

Following is a list of extra fine quality Colorado grown ornamental nursery stock, power dug, carefully graded and well matured. Practically all of the items listed have been grown on a light loam, producing an abundance of fibrous roots. We specialize in the hardy Northern strain of Chinese Elm, *Ulmus pumila*. We especially wish to call attention to our offering of two year seedlings, listed on page three, and the trees listed on this page up to 1½-1¾ inch caliper, which we will quote special prices on in large quantities and car-load lots.

Trees and shrubs are tied in bundles of ten - additional charge will be made for less quantities. Boxing or baling additional, at actual cost.

SHADE AND ORNAMENTAL TREES

Suitable for the best retail trade. Straight and well branched specimens.

ASH, American white	Each	HACKBERRY, Northern	Each
2½-3 in.	2.50	2-2½ in.	1.75
